1 Introduction:

This user guide is designed to help users effectively manage project budgets using Protrak. The Budget Tracking module provides a structured, transparent, and real-time view of planned budgets, committed amounts, and actual expenditures, helping teams stay on top of their financial goals and project cost controls.

2 Login:

2.1 Login Credential

When the Admin creates a user, following email will be sent to users email id to help them with login. The user has to click on **"Click Here"** to get started

Subject: Your Protrak Account Created Successfully.

Hi sexahib,
Welcome! Your Protrak account is created successfully.

You can log in by using the following credentials:
User Name: sexahib232@erapk.com
Password: $FIvE)iF

Following are the steps to change the password:
Settings > Personal > Change Password.
Click Here to get started.

You can also download Protrak mobile app:

- For Android: Download from Google Play
- For iOS: Download from the App Store

This is a system-generated mail, please do not reply

Thank You.

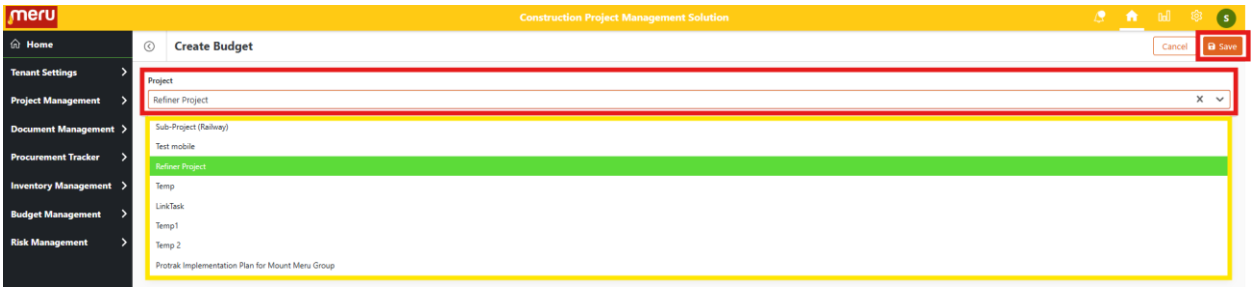
3 Create a New Budget

Purpose: To define and allocate the total budget for a specific project.

3.1 Steps to create a budget:

1. Navigate to Budget Management > Budgets
2. Click on '+ Budget'.

3. Select the Project for which the budget is being created and click 'Save'



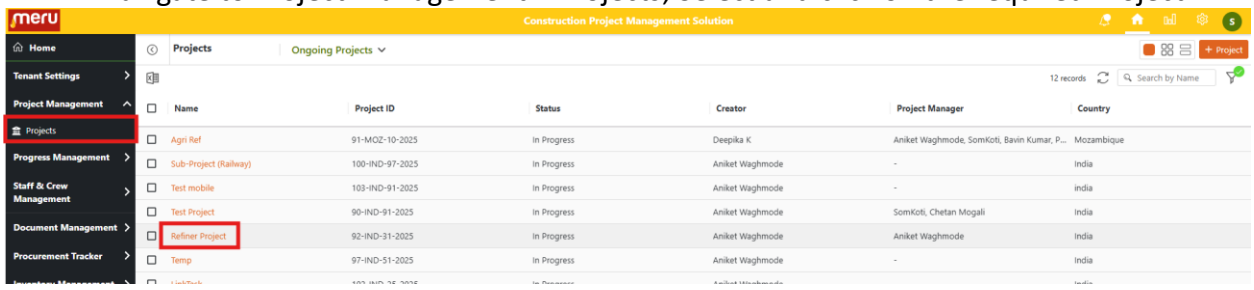
Note: Only one budget can be created per project. If a budget already exists for a project, that project won't be available in the dropdown for selection.

3.2 Access an Existing Budget

User can access a created budget in two ways:

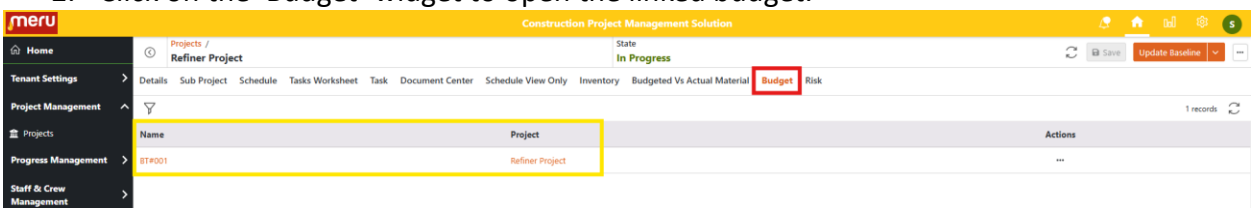
Option 1: From the Projects Tab

1. Navigate to Project Management > Projects; Select and click on the required Project.



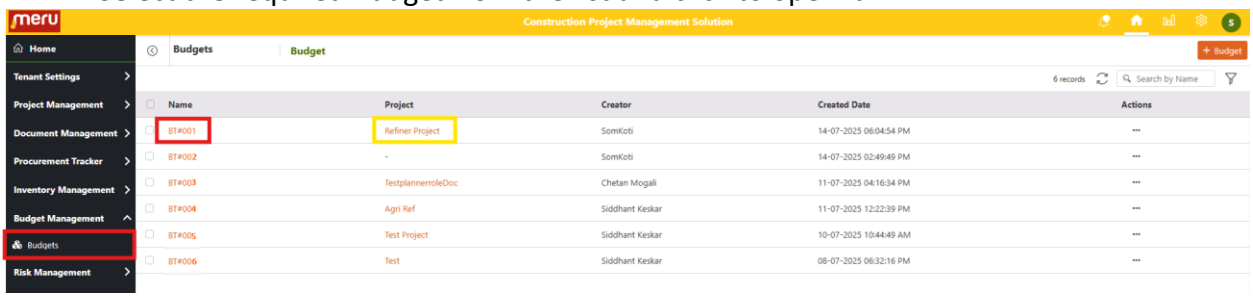
Copyright © All rights reserved

2. Click on the 'Budget' widget to open the linked budget.



Option 2: From the Budgets Tab

1. Navigate to Budget Management > Budgets.
2. Select the required Budget from the list and click to open it.

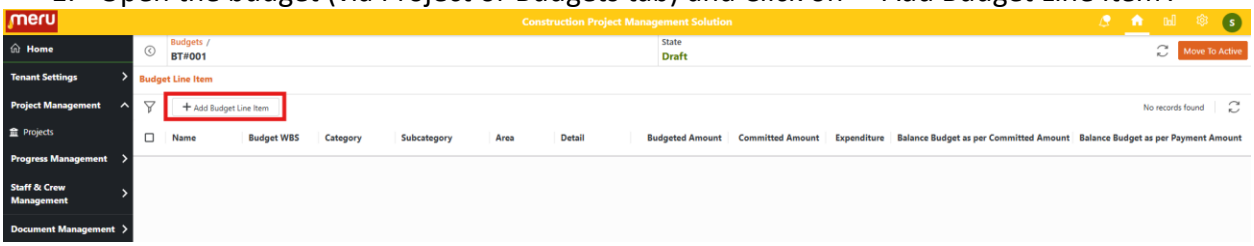


4 Add Budget Line Items

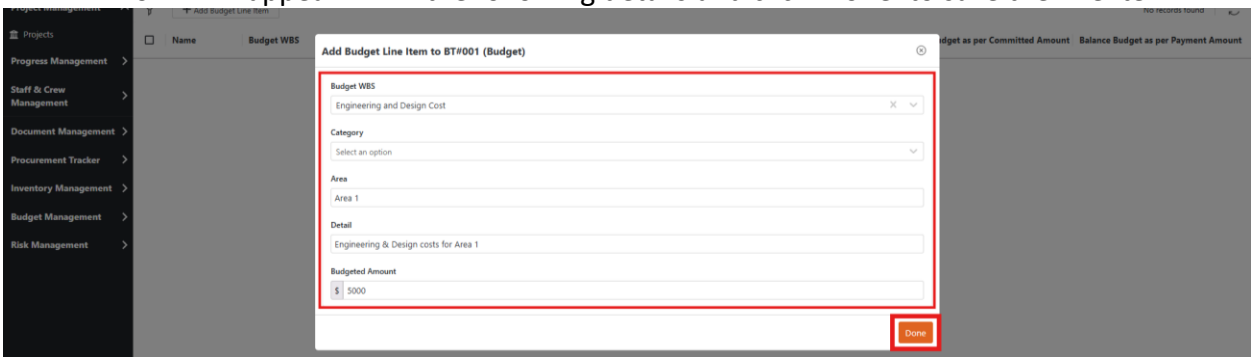
Purpose: To define budget distribution across categories such as material, labour, subcontractor, etc.

4.1 Steps to create a budget Line Item:

1. Open the budget (via Project or Budgets tab) and Click on '+ Add Budget Line Item'.



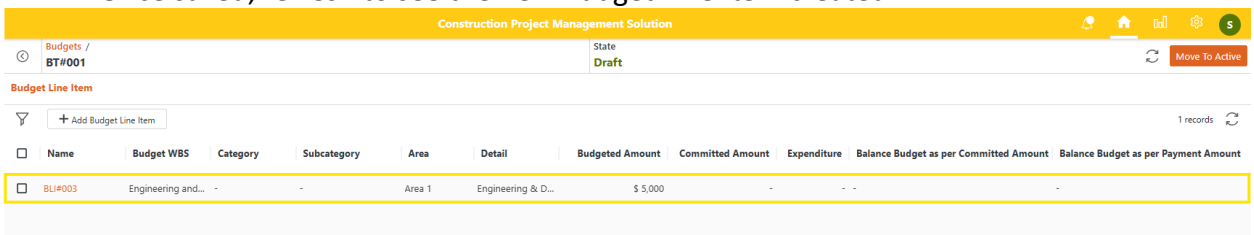
1. A form will appear. Fill in the following details and click 'Done' to save the line item.



Copyright © All rights reserved

- Budget WBS (Select from dropdown)
- Category (Select from dropdown – e.g., Labour, Material, Subcontractor)
- Sub-Category (Only for Labour Category – select from dropdown)
- Area (Optional project area/zone name)
- Detail (Short description of the budget item)
- Budgeted Amount (Total allocated amount for this item)

2. Once saved, refresh to see the new Budget Line Item created.



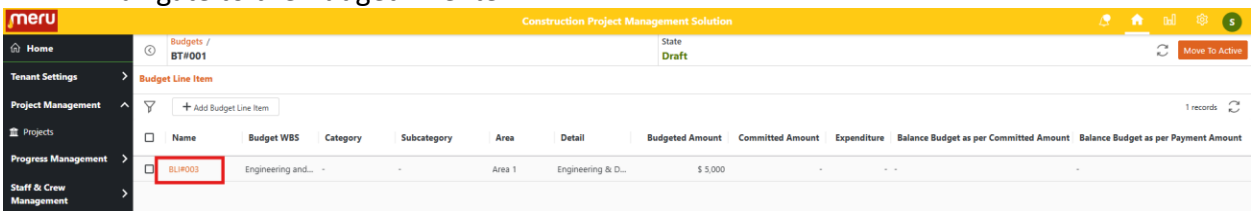
3. User can repeat the process to add multiple budget line items.

4.2 Steps to Add Committed Amounts

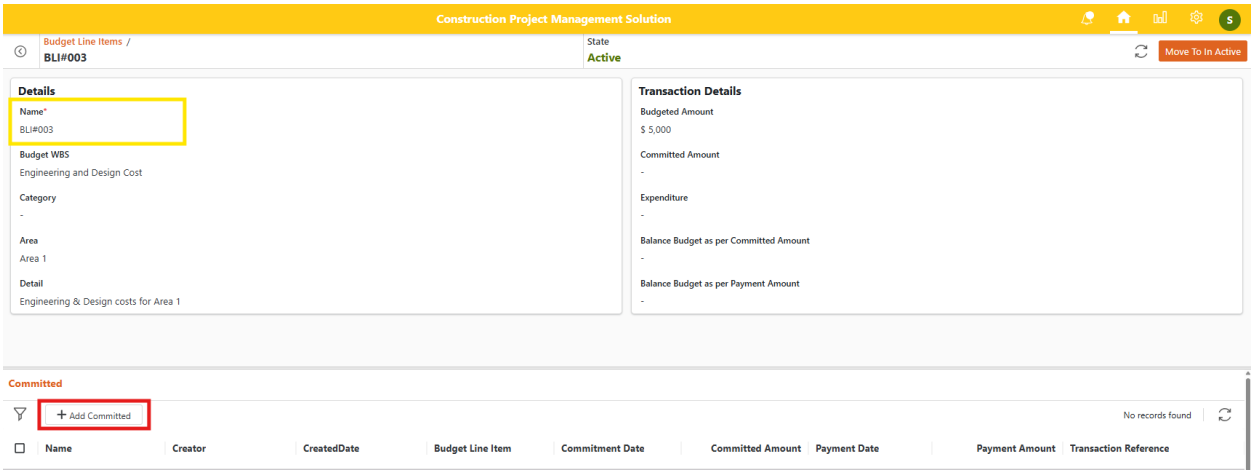
Purpose: To record actual commitments (like Purchase Orders or Work Orders) against budget line items.

4.2.1 Steps to create a committed amount:

1. Navigate to the Budget Line Item



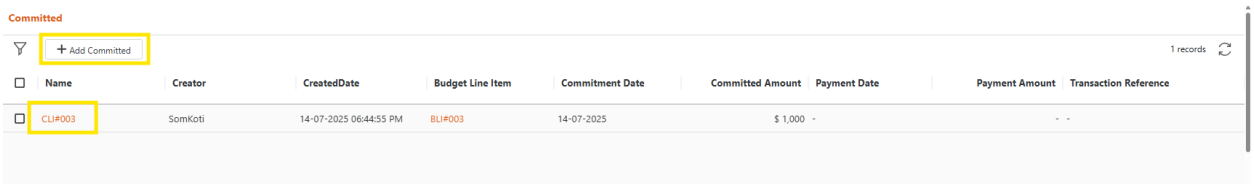
2. Click on '+ Add Committed'.



Copyright © All rights reserved

3. Fill in the following commitment details, and click 'Done' to save.
   - Commitment Date
   - Committed Amount (in $)

4. A committed Line Item is created



5. User can repeat the process to add multiple budget line items.

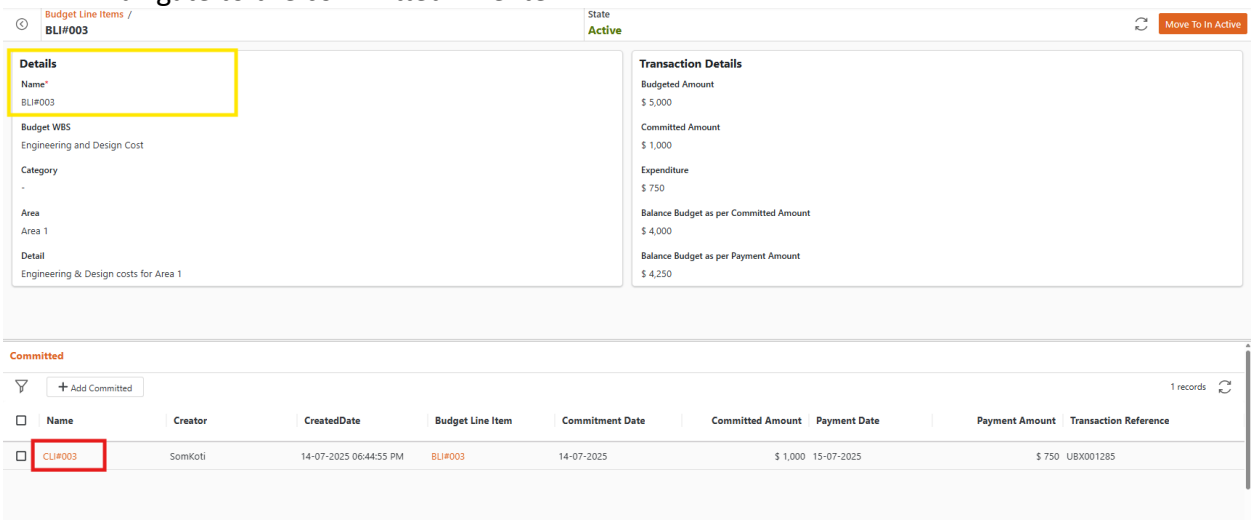
This tracks what portion of the budgeted amount has been officially committed for spending.

4.3 Steps to Add Expenses / Record Expenditures

Purpose: To record actual payments made against committed amounts.

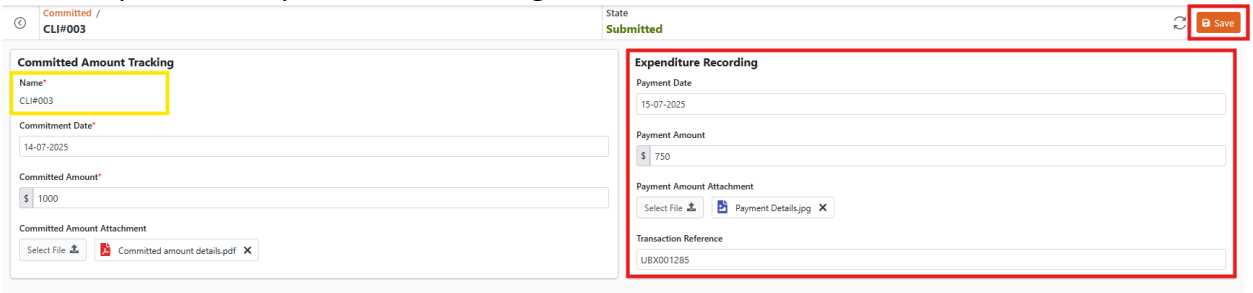
4.3.1 Steps to add expenses:

1. Navigate to the committed Line Item



Copyright © All rights reserved

1. Update the Expenditure Recording tab, once done click 'Save'.



- Enter Payment Date
- Enter Payment Amount (in $)
- Upload the Attachment (Invoice, Receipt, Payment Proof)
- Enter Transaction Reference (e.g., Invoice No., UTR, PO No.)

User can record multiple expenses under a single commitment as payments are made.

4.4 View Budget Summary & Transaction Details

Each Budget Line Item provides a real-time financial summary, auto-updated as new commitments and expenses are added.

Name	Budget WBS	Category	Subcategory	Area	Detail	Budgeted Amount	Committed Amount	Expenditure	Balance Budget as per Committed Amount	Balance Budget as per Payment Amount
BLI#003	Engineering and...	-	-	Area 1	Engineering & D...	$ 5,000	$ 1,000	$ 750	$ 4,000	$ 4,250
BLI#004	Material Budget	Civil Material	-	Area 1	Civil Material Bu...	$ 15,000	$ 7,200	$ 6,500	$ 7,800	$ 8,500
BLI#005	Labour Budget	Manpower Wages	Service Engg.	Area 1	Service Engg. M...	$ 1,200	$ 600	$ 600	$ 600	$ 600

The summary includes:

- Budgeted Amount
- Committed Amount
- Expenditure
- Balance Budget (based on Committed Amount)
- Balance Budget (based on Payment Amount)

This allows teams to monitor planned vs. actual spending at a granular level.

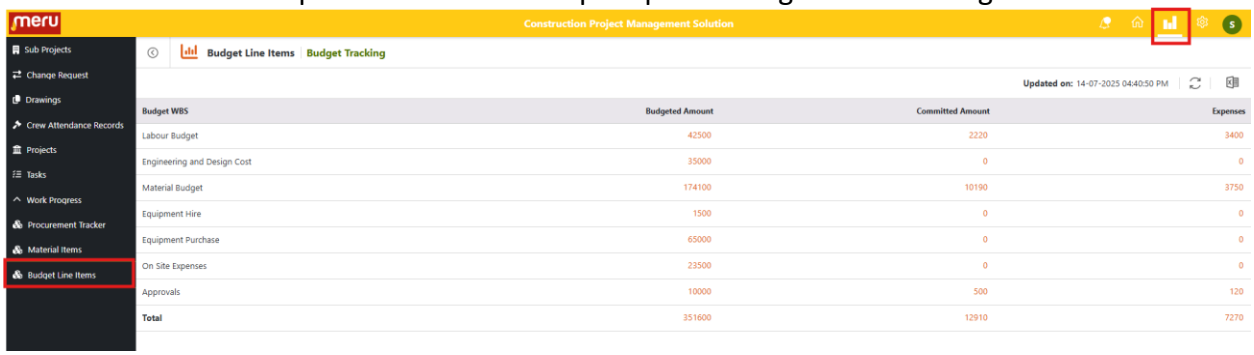
5 Budget Reports

Purpose: To generate and view detailed reports on budget allocations, commitments, expenses, and balances.

5.1 Steps to access Reports

1. Click on the 'Reports' tab from the top strip and navigate to the Budget Line Items tab.



2. Select the type of report that needs to be viewed from the dropdown menu:
   - Budget vs Commitment Vs Actual

Reports can be exported and shared for reviews and audits.

6 Quick Summary Table

Action	Navigation Path	Key Action
Create Budget	Budgets > + Budget	Create one per project
Access Budget	Projects > Budget widget / Budgets tab	View/edit budget
Add Line Item	Budget > + Add Budget Line Item	Add WBS, Category, Amount
Add Committed	Budget Line Item > Add Committed	Record financial commitments
Record Expense	Commitment > Expenditure Recording	Log payment with attachment
View Summary	Budget Line Item View	Auto-updated amounts
Generate Report	Reports > Budget Line Items	Select report from dropdown

6.1 Tips for New Users

1. Always ensure the WBS and Categories are defined before creating line items.
2. Use the Reports tab frequently to track overspending or underutilized budgets.
3. Upload supporting documents (invoices, receipts) to maintain audit trails.
4. The balance budget indicators help in preventing over-commitment.
5. Only one budget is allowed per project – plan the structure before creating.
